

# Proverbs Reading

---

## HOW TO USE:

### **Before you Start:**

Say a quick prayer asking God to reveal something from His Word.

### **Read and listen:**

Then take a moment and read through the chapter of Proverbs that corresponds with the day of the month. Listen to what the Holy Spirit might be telling you.

### **After you read:**

Look back over the chapter for that day and identify what verse really spoke to you. Either underline that verse or write it in a journal.

### **Prayer for application:**

Ask God to help you apply what you have learned to your life.
