Engage

Let's be honest for a minute, most of us have signed up for a free trial and have forgotten to cancel it. Sooner or later we realize that we've been paying for something that we haven't been using. It sneaks up on us. Trials in life are the same. We never know when we will face something but they can be expected.

1. What free trial have you forgotten to cancel?
2. When did you face an unexpected trial recently?

Unpack

Take a moment and read through John 18:15-18; 18:25-27; John 21:15-22

3. What is something that sticks out to you?
4. Jesus reversed all that Peter did and used it now for His glory. What mistake of yours have you seen God use for His glory?

Apply

Jesus showed Peter an extraordinary amount of grace on the beach. Jesus continues to show us that same grace today. Even though we may make mistakes and fail, Jesus is still there reminding us of our purpose and how we need to continue to focus on Him.

5. If someone asked, what would you say is your purpose?
6. How do you stay focused on Jesus?
